A. Price	<p>a) Ordering Party intends to purchase crane fulfilling or exceeding requirements set out in the technical specification (Employer's requirements).</p> <p>b) For the purpose presented in point IV.1.A.a above, Bidder is obliged to price:</p> <ul style="list-style-type: none"> - Cranes fulfilling or exceeding the requirements set out in the technical specification (Employer's requirements) in q-ty of 5 units (without spare parts), - Cranes fulfilling or exceeding the requirements set out in the technical specification (Employer's requirements) in q-ty of 5 units delivered fully erected and operational (without assembling works at DCT site and without spare parts), - One set of spare parts detailed in technical specification, - Training according to point 21 of Technical specification <p>c) Once decided if any cranes will be purchased, the Ordering Party shall equally compare all bids taking into account proposed prices for:</p> <ul style="list-style-type: none"> - Cranes fulfilling or exceeding the requirements set out in the technical specification (Employer's requirements) in q-ty of 5 units (without spare parts), - Cranes fulfilling or exceeding the requirements set out in the technical specification (Employer's requirements) in q-ty of 5 units delivered fully erected and operational (without assembling works at DCT site and without spare parts), - One set of spare parts detailed in technical specification, - Training according to point 21 of Technical specification

	<p>d) If the Bidder does not price:</p> <ul style="list-style-type: none">- Cranes fulfilling or exceeding the requirements set out in the technical specification (Employer's requirements) in q-ty of 5 units (without spare parts),- Cranes fulfilling or exceeding the requirements set out in the technical specification (Employer's requirements) in q-ty of 5 units delivered fully erected and operational (without assembling works at DCT site and without spare parts),- One set of spare parts detailed in technical specification,- Training according to point 21 of Technical specification <p>the bid may be rejected by the Ordering Party.</p> <p>e) If the Bidder does not price:</p> <ul style="list-style-type: none">- Cranes fulfilling or exceeding the requirements set out in the technical specification (Employer's requirements) in q-ty of 5 units (without spare parts),- Cranes fulfilling or exceeding the requirements set out in the technical specification (Employer's requirements) in q-ty of 5 units delivered fully erected and operational (without assembling works at DCT site and without spare parts),- One set of spare parts detailed in technical specification,- Training according to point 21 of Technical specification <p>the bid shall be rejected by the Ordering Party.</p> <p>f) Prices presented by the Bidder for one of the following option:</p> <ul style="list-style-type: none">- Cranes fulfilling or exceeding the requirements set out in the technical specification (Employer's requirements) in q-ty of 5 units (without spare parts),- Cranes fulfilling or exceeding the requirements set out in the technical specification (Employer's requirements) in q-ty of 5 units delivered fully
--	--

	<p>erected and operational (without assembling works at DCT site and without spare parts),</p> <ul style="list-style-type: none"> - One set of spare parts detailed in technical specification, - Training according to point 21 of Technical specification <p>shall be summed up and as such shall constitute Total Contract Value used for the purpose of bid's assessment taking into account the following formula:</p> $P = (P_{low} / P_o) \times 100 \text{ pts.}$ <p>where:</p> <ul style="list-style-type: none"> - P – number of points to be granted (before weight is assigned) - P_{low} – lowest Total Contract Value among all valid bids - P_o – Total Contract Value of the assessing bid <p>Weight assigned to the criterion 'Price': 85%.</p> <p>Final result for the criterion 'Price' shall be calculated as follows:</p> $FP = P \times 85\%$ <p>where: FP – final points to be granted for the criterion 'Price' P – number of points to be granted (before weight is assigned)</p> <p>The bid will receive number of points rounded to two decimal points arising from the above presented equation.</p>
<p>B. Warranty period</p>	<p>Warranty terms mean time counted in months from the date of signing by the Ordering Party the Take-Over Certificates.</p> <p>Warranty period proposed by Bidder shall be assessed as follows:</p> $W = (W_o / W_{max}) \times 100 \text{ pts.}$ <p>where:</p> <ul style="list-style-type: none"> - W – number of points to be granted (before weight is assigned)

	<ul style="list-style-type: none"> - W_o – offered warranty time (in months) - W_{max} – longest offered warranty time (in months) among all valid offers <p>All offers with warranty period shorter than 12 months shall be rejected.</p> <p>If warranty periods placed in the bid vary for separate components, the warranty period shortest commonly for all components shall be taken into account.</p> <p>For the purpose of calculation one month = four weeks.</p> <p>Weight assigned to the criterion ‘Warranty period’: 15%.</p> <p>Final result for the criterion ‘Warranty period’ shall be calculated as follows:</p> $FW = W \times 15\%$ <p>where:</p> <ul style="list-style-type: none"> - FW – final points to be granted for the criterion ‘Warranty period’ - W – number of points to be granted (before weight is assigned) <p>The bid will receive number of points rounded to two decimal points arising from the above presented equation.</p>
<p>IV.2. Bid’s final assessment</p>	<p>Each of valid bids shall be granted points after assessment in accordance to IV.1.A and IV.1.B with the following formula:</p> $BS = FP + FW$ <p>where:</p> <ul style="list-style-type: none"> - BS – bid’s final score - FP – final points to be granted for the criterion ‘Price’ - FW – final points to be granted for the criterion ‘Warranty period’ <p>In accordance with point 8.7 of the Terms of Tender the best bid shall be deemed as the bid that received the highest total of points obtained jointly for particular criteria.</p>

V. Other information	For details regarding the Tender procedure please refer to Terms of Tender applicable to this Tender that constitute an integral part of the Documentation, were published with this Notice at DCT's website (http://www.dctgdansk.com/), are available in the registered office of DCT and at the written request of the Bidder will be sent by post or e-mail.
VI. EU Funds	The Purchaser informs that the purchase was included in the project, which was submitted for EU funding. The Ordering Party reserves the right, in accordance with Art. 93 sec. 1 of the Public Procurement Law, to invalidate the proceedings at each stage as a result of not receiving funding from the ESIF funds or not receiving the acceptance of the submitted Public Assistance Application.
